

By supporting St. Jude Children's Research Hospital, the House of Lebanon is proud to be associated with **one of the world's most respected health care charities.**

Unsure of his life's direction, a young Danny Thomas, born to Lebanese parents, sought guidance from St. Jude Thaddeus, the patron saint of hopeless causes. If the saint would point to the path he should take, Danny vowed to build a shrine in his name. Success followed Danny's plea and soon after, the legendary entertainer set about fulfilling his vow to St. Jude. The result was St. Jude Children's Research Hospital. Thomas' vision became a reality when St. Jude Children's Research Hospital opened February 4, 1962. St. Jude is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. It is the only National Cancer Institute-designated Comprehensive Cancer Center devoted solely to children. Families never receive a bill from St. Jude for treatment, travel, housing or food - because all a family should worry about is helping their child live.

St. Jude has spent more than half a century in pursuit of its mission: Finding cures. Saving Children.

Treatments invented at St. Jude have helped push the overall childhood cancer survival rate from 20 percent to more than 80 percent since it opened more than 50 years ago. We won't stop until no child dies from cancer.
